Digital Checkpoints

Extended Reality (XR)

Extend your reality with XR

A new way of discovering our products through innovative XR solutions, individually tailored to your needs to elevate your success!

Customer Benefits

- Taking advantage of XR technology to make processes (e.g. training) more efficient, flexible, and exciting
- Reduction of CO_2 emissions by replacing travels with remote XR apps
- Connection of the physical world with digital assets

We are

Extended Reality

When virtuality meets reality, the possibilities are limitless

Training & education

Product & process visualization

Product design

Remote services

Manufacturing

...and more
